

PRIDE MOUNTAIN VINEYARDS

2018 VINTNER SELECT CHARDONNAY

The enticing flavors of our 2018 Vintner Select Chardonnay range from honeysuckle, custard apple and stone fruit to crystallized ginger and agave to create a striking aromatic profile. On the palate, the wine is round and lush, with balanced weight and texture. The acidity is moderate-high and lingers in the mouth with just the right amount of tingly verve.

Our VS Chardonnay is always a blend from the three chardonnay blocks on our property. Due to greater UV light intensity on our mountaintop compared to the chardonnay we source from the Carneros and Russian River appellations for our Pride Chardonnay (approaching 2000 cases), our VS Chardonnay (about 300 cases) always has a rich mouth-filling character that is balanced by plenty of crisp acid and intense flavors to make a gorgeous one-of-a-kind “mountaintop” chardonnay.
